

Dear Potential Partner,

We would like to introduce the District, State and National award winning robotics team, Truck Town Thunder Robotics, FIRST Team #68. We are located at Brandon High School and include students from Holly and Brandon High Schools. The team competes in the FIRST (For Inspiration and Recognition of Science and Technology) Robotics Competition. Each year we are given a challenge that a robot must perform to win competitions. The team is given six weeks to design, build and test a robot. The intention is to inspire students in the areas of Science, Technology, Engineering, and Math (STEM) with a challenging real-world task. The team is led by advisors and mentors from various backgrounds that help the students through the process of designing, fabricating and assembling a robot to best compete in this year's challenge. In addition to building a robot, our students also work with mentors on marketing, fundraising, and public relations.

During the fall, Truck Town Thunder supports our elementary and middle school robotics teams with many of our students coaching a younger team with an adult mentor. The students also work on training in safety, equipment usage, programming, electrical, and many other areas. The high school build season officially begins in January, followed by competitions in March and April. During the off-season we do demonstrations for organizations, local events, schools, and partners.

Truck Town Thunder is committed to all team sponsors for one year. Investing in Truck Town Thunder is more than a sponsorship, we want you to be a partner with the team. The team is continually looking for partners not only to help financially, but for individuals to help share their knowledge and talents mentoring our youth or by joining our advisory team. Truck Town Thunder is confident that with financial support from dedicated partners the team will be able to fulfill the required registration, material, equipment, and travel costs for this season. For more information about the team, we strongly encourage visiting the team website:

<http://www.trucktownthunder.com/>

The team has five levels of Partnership:

- Friends of Truck Town up to \$100
- Silver – \$100 to \$499 - Partners will have their logo on the team website.
- Gold – \$500 to \$999 - Partners will have their logo on the team website and name on the team uniforms.
- Platinum– \$1,000 to \$4999 - Partners will have their logo on the robot and website, name on team uniforms.
- Diamond—\$5,000 and up - Partners will have their logo on the team trailer, robot, team website and team uniform.

For specific Logos to be placed on the team website, feel free to email the logo to:

trucktownthunder@gmail.com

Checks can be made payable to **Brandon School District**. Credit Card payments can be made to *FIRST* Robotics by calling *FIRST* Finance at 1-800-871-8326 ext. 563, accompanied by an email confirmation to ar@firstinspires.org, indicating the funds are to support *FRC Team 68*.

For more information, please contact Team Leaders, Gary Fenn @ 586-623-2879 or Debbie Baker @ 248-240-0907. Please visit team website: www.trucktownthunder.com. Partnership with Truck Town Thunder is an investment in the future of students from first through twelfth grades, and we truly appreciate it.

Sincerely,

Gary Fenn & Debbie Baker
